Manager of Newark Eagles  
Newark, New Jersey

Dear Mrs. Manley:

We felt a little hurt at you considering us small town. We have had the Brooklyn Dodgers and the Boston Braves play here and they informed us that our Diamond and lighting system is as good as they have found anywhere in United States.

If by some chance September first is open if you will communicate with us we might be able to get together. Next year we would like to get in touch with you early in season.

Sincerely yours,

Harry L. Edson
